Stability:

SPECIFICATION

Off white to light brown Powder

≥ 96%

≥ 96%

≤ 5.0%

≤ 2.0%

6.8 - 7.2

≤ 20ppm

Shipped at ambient temperature. Upon arrival store lyophilized powder refrigerated at 5 °C ± 3 °C in sealed containers. Store reconstituted material frozen at -20 °C ± 5 °C. Avoid repeated freezing and thawing.

Five years from the date of manufacture.

The raw material for this product was collected from animals in the USA in establishments registered with the USDA. The animals received ante and post-mortem inspections under a veterinarian's supervision and were apparently free from infectious and contagious diseases. At no time during collection or processing was the material commingled with any other material of animal origin. During processing this material was subjected to a pH of ≤ 5 and/or 65 °C for at least 3 hours. This product is sold for use in IVD, research, further manufacturing, or technical purposes only, and it is not intended for direct use in diagnostic or therapeutic applications.
